# Crisis Note Examples (Best Delegate)

To my trusted assistant Henry,

Great challenges are upon us, so I have to know that I can trust you with our mission over the next months. Together, we need to show these rebels how seriously we will take them through showing our military force, and we must bring our country together through limiting our trade with foreign powers.

I need you to meet me at the old safe-house in Arlington every morning at 9am for your orders, which you must keep confidential at all costs. Thank you for your loyalty.

Best, Secretary of Defense Ashton Carter

# Crisis Note Examples (Best Delegate)

Dear Rogan,

To adjust for the challenges posed by our current crises, I need you to oversee the following changes to properly address the unique health challenges posed to our offices:

Set up camps across the country to house internally displaced persons from the resulting conflict, and route all sanitation, medicine, and food aid provision through our offices;

To ensure that our troops have the proper level of ability to administer field medicine, place 1 field medic for every 50 troops in the field;

Reach out to the United States State Department requesting vaccinations and medical professionals to combat Spattergroit before it becomes a major international health crisis and destabilizes the region. Allow them to place advisors in our camps if they are willing to commit to aiding us.

Best, Minister of Health
